

III. REMARKS

Applicants' copy of the claims has the correct spelling of "message" in claim 1. However, if the Examiner's copy is incorrect, he is hereby empowered to correct it.

Claims 2 and 3 have been added to claim 1. Thus there is now antecedent basis for the retrieval and analysis modules. Similarly, for this reason there is now antecedent basis for the retrieval and interception modules in claims 11-13. In claim 8 "different" has been cancelled.

Thus all claims now conform to 35 USC 112, 2nd paragraph.

Claim 1 now incorporates allowable claims 2 and 3. Thus all claims are allowable.

For all of the foregoing reasons, it is respectfully submitted that all of the claims now present in the application are clearly novel and patentable over the prior art of record, and are in proper form for allowance. Accordingly, favorable reconsideration and allowance is respectfully requested. Should any unresolved issues remain, the Examiner is invited to call Applicants' attorney at the telephone number indicated below.

A check in the amount of \$450 is enclosed for a two-month extension of time. The Commissioner is hereby authorized to charge payment for any fees associated with this communication or credit any over payment to Deposit Account No. 16-1350.

Respectfully submitted,
